Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

Section I

Pre-Bid Procedures

1.0 EXPLANATION OF PROGRAM

- Every year the Virginia Sheriffs' Association (VSA) will solicit participation from vetted heavy equipment dealers and manufacturers to participate in the association's Heavy Equipment Procurement Program.
- Every year the VSA will provide public bodies within the Commonwealth of Virginia and other states a comprehensive Lot Sheet made up of heavy equipment specifications.
- The contract award documents will be placed on the VSA's website and consist of heavy equipment items that have been submitted by heavy equipment dealers and manufacturers. Each piece of heavy equipment listed within the contract award documents will include competitively bid prices to include a negotiated discount on all options for each piece of listed heavy equipment.
- Public bodies may use the VSA's contract award documents to fulfill their local procurement regulations by meeting or exceeding the requirement of having to go out to bid on pieces of heavy equipment.
- If a Public Body requires a new piece of heavy equipment and it is included on the VSA's Heavy Equipment Procurement Program, the Public Body is advised to contact the heavy equipment contractor on the VSA program to initiate the buying process and the submittal of a PO.

The PO represents a contractual arrangement between the Contractor and the Public Body. There is no contractual arrangement between the VSA and the Public Body.

1.1 PURPOSE

The Virginia Sheriffs' Association (VSA) invites interested vendors, including Dealers to submit responses in accordance with these solicitation documents. The VSA will serve as the "Contract Administrator" in the solicitation process and the administration of the resulting Contract. The purpose of this solicitation for Bids is to establish a Contract with manufacturer's authorized dealers for providing current model year Heavy Equipment on a "no trade-in basis."

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

Trade-ins are not addressed in this Contract. If a Public Body has a desire to offer Heavy Equipment for trade to the contractor, the Public Body and contractor may do so at their discretion, separate and apart from this Contract.

Bidders agree that upon submission of a Bid they are a party to the Terms and Conditions in this IFB. There is no contractual relationship between the VSA and bidders.

D. A Public Body may void any Contract with a business entity if the business entity fails to remain in compliance with the provisions of this section.

1.15 COMPETITIVE FIXED PRICE BIDDING

This competitive process provides multiple sources of supply based on a pre-set maximum price which the Public Body will pay. Contracts will be made to all responsive and responsible Bidders. Any offers received that do not meet solicitation requirements will be considered non-responsive.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

based on the total invoice cost of the new Heavy Equipment, excluding trade-ins. All fees are to be included on the quarterly report submitted to the VSA the quarter after the Heavy Equipment has been delivered. The VSA will review the report and invoice the Contractor for the total amount owed to the VSA. Trade-ins and other exchanges will not reduce or impact the fee calculation. No other commission fee(s) will be applicable to any transaction relative to the Contract.

Bidders are to submit all required bid items within VendorLink.

Bid prices are to be rounded down to the nearest dollar.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

A Bidder must have the necessary facilities, personnel, and expertise, and must be prepared, if requested by the VSA Contract Administrator, to present evidence of such experience.

The VSA Contract Administrator reserves the right to investigate or inspect at any time during the Bid process, and the Contract period, whether the product, qualifications, or facilities offered by the Bidder meet the Contract requirements.

Bidders, whose Bids, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the Contract may be rejected as nonresponsive in the sole discretion of the VSA. In determining past performance, the VSA Contract Administrator will give consideration to the nature and number of complaints received from Customers regarding a previously awarded bidder. The VSA Contract Administrator may use discretion in determining which Bids meet the Contract requirements of this solicitation, and which respondents are responsive and responsible.

The VSA Contract Administrator may use discretion in accepting or rejecting any and all Bids, or separable portions thereof, in whole or in part; and/or make or limit VendorLink entries either as individual items or as a total combined Bid; and to waive any minor irregularities, technicalities, or omissions if determined that doing so will serve the best interest of the public bodies of the Commonwealth of Virginia irrespective of the lowest Bid. The VSA Contract Administrator may reject any responses not submitted in the manner specified by solicitation documents. As stated in section 1.10 above, any bidder that has been awarded a contract and has not sold off of the contract for three (3) consecutive years shall not be qualified to submit a bid for a period of 12 months following the third consecutive year of failing to sell off of an awarded contract.

1.20 BASIS FOR AWARD

1.34 ANTI-DISCRIMINATION

ANTI-DISCRIMINATION: Discrimination prohibited; participation of small, women owned, minority-owned, and service disabled veteran-owned business and employment services organization is encouraged.

Whenever solicitations are made, the VSA shall include businesses selected from a list made available by the Department of Small Business and Supplier Diversity, which list shall include all companies and organizations certified by the Department.

B. C. Whenever there exists (i) a rational basis for small business or employment services organization enhancement or (ii) a persuasive analysis that documents a statistically significant disparity between the availability and utilization of women owned and minority-owned businesses, the Governor is authorized and encouraged to require state agencies to implement appropriate enhancement or remedial measures consistent with prevailing law.

D. In awarding a Contract for services to a small, women owned, or minority owned business that is certified in accordance with § 2.2-1606 of the VPPA, or to a business identified by a Public Body as a service disabled veteran-owned business where the award is being made pursuant to an enhancement or remedial program as provided in subsection C, the Public Body shall include in every such Contract of more than \$10,000 the following:

“If the Contractor intends to subcontract work as part of its performance under this Contract, the Contractor shall include in the proposal a plan to subcontract to small, women-owned, minority-owned, and service disabled veteran-owned businesses.”

E. In the solicitation or awarding of Contracts, no state agency, department or institution shall discriminate against a Bidder because the Bidder employs ex-offenders unless the state agency, department or institution has made a written determination that employing ex-offenders on the specific Contract is not in its best interest.

1.38 QUALITY

All materials used for the manufacture or construction of any supplies or Heavy Equipment covered by this Bid shall be new. The items bid must be new, the latest model, of the best quality, and highest grade of workmanship per VSA discretion.

1.39 FACILITIES

The VSA reserves the right to inspect the Bidder's facilities at any time with a two week (calendar days) prior written notice.

1.40 REQUESTS FOR CLARIFICATION AND ADDENDA TO VENDORLINK

In case of doubt as to the meaning or intent of any items contained in the VendorLink submissions, inquiry should be made to the VSA Contract Administrator five (5) calendar days via e-mail. Telephone clarifications will not be accepted, and no clarifications will be accepted after the date listed in the Bid Calendar. ALL requests for clarification from Bidders and VSA responses will be posted on the VSA website by the date listed on the Bid Calendar.

The submission of a Bid presumes the Bidder thoroughly understands the terms and all VendorLink submissions.

If any person contemplating submission of a Bid under this Solicitation for Bids is in doubt as to the meaning of VendorLink or other Bid documents or any part thereof, the Bidder must submit to the VSA at least five (5) calendar days prior to the scheduled Bid opening, a request for clarification. All such requests for clarification must be made in writing and the person submitting the request will be responsible for its timely delivery.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

will be issued when substantive changes are made to any VendorLink submission or Bid process that will impact the technical submission of the Bids. An example of a formal addendum would be when a model is deleted from VendorLink. In the event of conflict with the original Contract documents, the addendum shall govern all other Contract documents that relate to that issue. Subsequent addendums shall govern prior addendums on the same issue.

All Bidders will be required to acknowledge any formal addendums by signing in the space provided on the formal addendum and including the signed acknowledgement along with the Bidder's Bid package. Failure to acknowledge receipt of addendum by a Bidder will deem its Bid non-responsive; provided, however, that the VSA may waive this requirement in its best interest. The VSA will not be responsible for any other explanation or interpretation made verbally or in writing by any other VSA representative.

1.41 DEMONSTRATION OF COMPETENCY

Bidders must be able to demonstrate a satisfactory record of performance for a reasonable period of time per VSA's discretion, and have sufficient financial support, Heavy Equipment and organization to ensure they can adequately execute the services if awarded a Contract under the terms and conditions herein stated.

The terms "Heavy Equipment and organization" as used herein shall be construed to mean a fully equipped and well-established company in line with the best business practices in the industry and as determined by the VSA.

The VSA may consider any evidence available regarding the financial, technical, and other qualifications and abilities of a Bidder, including past performance (experience) with the VSA in making the award in the best interest of the VSA.

The VSA may require Bidders to show proof that they have been designated as authorized representatives of a manufacturer or supplier which is the actual source of supply. In these instances, the VSA may also require information from the source of supply regarding the quality, packaging, and characteristics of the products to be supplied to the VSA through the designated representative. Any conflicts between this information provided by the source of supply and the information obtained in the Bidder's Bid which is contrary to or would alter a Lot

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

Sheet submission may render the Bid non-responsive.

If the VSA determines, at any point in the Bid publication process, that the successful Bidder no longer possesses the financial support, Heavy Equipment and organization necessary to comply with the demonstration of competency section, the VSA may disqualify the Bidder(s) from participating in the HEPP.

1.42 DETERMINATION OF AWARD – RESPONSIBLE AND RESPONSIVE BIDDER

Multiple awards will be made; however, awards will only be made to responsible and responsive Bidder(s) for each manufacturer's product line offered.

- Whether the Bidder can perform the Contract within the time specified, without delay or interference
- The character, integrity, reputation, judgment, experience and efficiency of the Bidder
- The quality of performance of previous Contracts
- The previous and existing compliance by the Bidder with laws and ordinances relating to the Contract

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

1.46 COLLUSION

Related parties mean Bidders, or the principals thereof, which have a direct or indirect ownership interest in another Bidder for the same Contract, or in which a parent company or the principals thereof of one (1) Bidder has a direct or indirect ownership interest in another Bidder for the same Contract.

Bids from Related Parties – Where two (2) or more related parties each submit a Bid for any Contract, such Bid or Bids shall be presumed to be collusive. Bids found to be collusive shall be rejected.

The foregoing presumption may be rebutted by presentation of evidence as to the extent of ownership, control, and management of such related parties in the preparation and submittal of such Bids.

Bidders who have been found to have engaged in collusion will be suspended for a minimum of one Contract year. The Bidder may be permanently barred if collusive Bidding occurs more than once in a five-year period. Any Contract resulting from collusive Bidding may be terminated for default.

Dealerships and its representatives may submit multiple Bids without conflict of collusion as long as the Bid submitted is not from the same manufacturer and product line.

1.47 GRATUITIES

Bidders shall not offer any gratuities, favors, or anything of monetary value to any official, employee, representative, or agent of the VSA.

1.48 SIGNED BID CONSIDERED AN OFFER

Each Contractor will provide the customer with the most accurate timeline for delivery. It is incumbent on the Contractor to provide the customer the estimated date for delivery at the issuance of the initial PO.

The records shall be made available to the VSA (subject to a three-day written notice) during normal business hours.

VSA, at its option, may select the Contractor's office or place of business or an offsite location for the audit. The VSA may also allow the Contractor to provide financial records, together with the supporting or underlying documents and records, via email or telephone for audit at a time and location that is convenient for the VSA.

The Contractor shall ensure the VSA has this same right of access to information

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

with Contractor's employees, agents, assigns, successors, and subcontractors. The obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Contractor and any subcontractors to the extent that those subcontracts or agreements relate to fulfillment of the Contractor's obligation to the VSA.

The costs of any audits conducted under the authority of this right to audit, if not addressed elsewhere, will be borne by the VSA unless certain exemption criteria set forth below are met. If the audit identifies underreporting, overpricing, or overcharging (of any nature) by the Contractor to the Customer in excess of three (3%) of the total received PO billings, the Contractor shall reimburse the VSA for the total costs of the audit not to exceed \$5,000. If the audit discovers substantive findings related to fraud, misrepresentation, or nonperformance, the VSA may recoup all of the costs of the audit work from the Contractor. Payment must be made to the VSA within five (5) business days.

Any adjustments and /or payments that must be made as a result of any such audit or inspection of the Contractor's invoices and/or records shall be made within a reasonable amount of time (not to exceed 90 days) from presentation of the VSA's findings to the Contractor.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

All policies issued to cover the insurance requirements herein shall provide full coverage from the first dollar of exposure. No deductibles in excess of twenty-five thousand dollars (\$25,000) will be allowed in any policies issued on this Contract unless specific safeguards have been established to assure an adequate fund for payment of deductibles by the insured. The adequacy of the fund must be approved by the VSA's Contract Administrator.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

The liability insurance coverage shall extend to and include the following contractual indemnity and hold harmless agreement:

This agreement includes costs of investigation, all expenses of litigation, including reasonable legal counsel fees and the cost of appeals arising out of any such claims or suits because of any and all acts of omission or commission of any by the Contractor, his agents, servants, or employees, or through the mere existence of the project under Contract.”

All policies shall be made available to the VSA upon demand. Compliance by the Contractor and all subcontractors with the foregoing requirements as to carrying of insurance and furnishing copies of the insurance policies shall not relieve the Contractor and all subcontractors of its liabilities and obligations under any section or provisions of this Contract. Contractor shall be as fully responsible to the VSA and the Customer for the acts and omissions of the subcontractor and of persons employed by them as he is for acts and omissions of persons directly employed by him.

Insurance coverage required in the Invitation for Bids shall be in force throughout the Contract term. Should any Contractor fail to provide acceptable evidence of current insurance within seven (7) days of receipt of written request at any time during the Contract term, the VSA shall have the right to consider the Contract breached and terminate the Contract.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

It is understood and agreed that the inclusion of more than one insured under these policies shall not restrict the coverage provided by these policies for an additional insured hereunder with respect to a liability claim or suit by another insured hereunder or an employee of such other insured and that with respect to claims against any insured hereunder, additional insured's hereunder shall be considered members of the public.

3.6 WARRANTY OF ABILITY TO PERFORM

The Contractor warrants that neither it nor any affiliate is currently on the State Debarred Vendors list maintained by the Virginia Division of Price and Contract, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the VSA and the Customer in writing if its ability to perform is compromised in any manner during the term of the Contract.

3.7 NON-CONFORMANCE TO CONTRACT CONDITIONS

Items may be tested for compliance with the VendorLink submissions. Item(s) delivered that do not conform to the specific VendorLink submission may be rejected and returned at Contractor's expense. Any items not delivered as per the delivery date in the Bid and/or PO may be priced on the open market by the Customer. Any increase in cost may be charged against the Contractor.

Any violation of these provisions may also result in the Contractor's name being removed from the VSA list of vendors who are allowed to Bid on upcoming Contracts.

3.8 OPTION TO RENEW WITH PRICE ADJUSTMENT

Any Contract may be extended for an additional two (2) years, on a year to year basis, if mutually agreed by both parties. VSA is not required to accept a price adjustment for the upcoming year. Any allowable adjustment in price would be effective for the next Contractual period not for the current period.

It is the Contractor's responsibility to request any pricing adjustment under this provision. For any adjustment to commence on the first day of any option period, the Contractor's request for adjustment should be submitted 60 days prior to

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

expiration of the then current Contract term.

The Contractor adjustment request must clearly substantiate the requested increase. If no adjustment request is received from the Contractor within the 60 day period, the VSA will assume that the vendor has agreed that the optional term may be exercised without pricing adjustment. Any adjustment request received after the commencement of a new option period will not be considered.

The VSA reserves the right to accept the renewal adjustment or to allow the Contract to terminate and readvertise for Bids, whichever is in the best interest of the VSA.

3.9 NON-PERFORMANCE

Contractor shall at all times during the Contract term remain responsive and responsible to the Customer and the VSA. In determining Contractor's responsibility as a vendor, the Contract Administrator shall consider all information or evidence which is gathered or comes to the attention of the Public Body which demonstrates the Contractor's capability to fully satisfy the requirements of the solicitation and the Contract.

In some instances, Contractors may be required to develop corrective action plans to address deficiencies. In situations where there is evidence the Contractor, fleet sales manager or other representative has demonstrated egregious breaches of the Contract or trust to either the VSA or the Customer, the Contract will be terminated, and the Contractor and its representative will be removed from future solicitations for a period up to three (3) years. An egregious breach of Contract would be defined as one that would materially change the Lot Sheet submission of the Contract or prevent the ordered Heavy Equipment from being delivered to the Customer in a timely manner.

Failure to abide by corrective action plans will result in the Contract being terminated and the Contractor, and Contractor's representative being barred from future competitive Bid solicitations at the discretion of the Contract Administrator.

Examples of conditions that would justify termination include, but are not limited to:

- failure to perform the responsibilities of the Contract
- refusal to accept orders during the Contract period while manufacturer

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

orders are still being accepted for current model year and/or the new year if the Heavy Equipment is price protected by the factory

- requiring the price of additional options over and above the base Heavy Equipment item as a condition of acceptance of order
- providing aftermarket options where factory options are available without the consent of the Customer
- any misrepresentation of optional Heavy Equipment or service as being “factory” that fails to meet the definition as described in this document
- any other practice deemed by the VSA to be outside of the intent of the Contract

Any Contractor, who is presented with a valid PO as a result of a VendorLink entry, is required and bound to accept such PO and deliver the product; regardless of whether the Heavy Equipment is a base model or includes options at a higher cost. The Contractor must deliver this Heavy Equipment regardless of profit or loss based on its respective Bid. Failure to deliver said Heavy Equipment could result in the Customer and the VSA seeking damages for the difference in cost by ordering the product from another Contractor, plus any legal fees and damages that may be incurred in the process to facilitate a completed order.

All terms and conditions are applicable throughout the term of the Contract and not any given “year, make or model” period.

Each report of a lost PO will be handled on a case by case basis.

Finally, any contractor that has been awarded a contract and has not sold off of the contract for three (3) consecutive years shall not be qualified to submit a bid for a period of 12 months following the third consecutive year of failing to sell off of an awarded contract (see section 1.10).

3.10 FACTORY INSTALLED

In the event a component(s) that does not meet the specifications is found to be installed on a Heavy Equipment item before or after the Heavy Equipment has been accepted by the Customer, the Contractor shall be required to replace the purchased item with an item that meets the required specifications, including all factory installed components. In the alternative, the Customer shall decide whether they will accept Contractor installed components at the time of issuing the PO.

Virginia Sheriffs' Association Heavy Equipment Procurement Program – Solicitation for Bids and Contract Terms and Conditions

3.11 EQUITABLE ADJUSTMENT

The Contract Administrator may make an equitable adjustment in the Contract terms or pricing at his/her discretion. Adjustments to pricing may occur for various reasons, such as availability of supply (i.e. material surcharge) and extreme and unforeseen volatility in the marketplace. Adjustments may be considered if all the following criteria exist:

1. The volatility is due to causes wholly beyond the Contractor's control
2. The volatility affects the marketplace or industry, not just the particular Contract source of supply
3. The effect on pricing or availability of supply is substantial per VSA's discretion.
4. The volatility so affects the Contractor that continued performance of the Contract would result in a substantial loss for the Contractor

When a Contractor requests an adjustment, including but not limited to price increases, the following items must be submitted to the Contract Administrator:

1. A letter of request for an adjustment from the Contractor, including the group and model listed in the Contract, along with the requested changes
2. When requested adjustment is based on production cutoff of a currently listed model, a letter of affirmation from the manufacturer
3. When a requested adjustment includes model changes, manufacturer's documentation of items included in the proposed model must be submitted in order to evaluate if the proposed model meets the base specification
4. Currently published MSRP listing

The Contract Administrator will consider any request for equitable adjustment at any time, provided the Contractor submits the above documentation to the Contract Administrator, in addition to any other information requested of the Contractor. However, any equitable adjustment, if approved, shall not apply to purchase orders that have already been received by the Contractor. Any adjustment of the sales price for any purchase order already received by the Contractor is exclusively between the Contractor and Customer.

3.12 PRE-DELIVERY SERVICES

To assure proper pre-delivery service, the Contractor shall provide, at time of delivery, a completed copy of the manufacturer's standard retail sale pre-delivery inspection form.

In case of any delay the Contractor believes is excusable, they shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either 1) within ten (10) days after the cause that creates or will create the delay first arose, if the vendor could reasonably foresee that a delay could occur as a result, or 2) if delay is not reasonably foreseeable, within five (5) days after the date the vendor first had reason to believe that a delay could result. The foregoing shall constitute the Contractor's sole remedy or excuse with respect to delay.

3.14 HEAVY EQUIPMENT TRUCK INSPECTION, ACCEPTANCE, AND TITLE

Inspection and acceptance of all Heavy Equipment will be at the Customer's place of business unless otherwise provided. Title and risk of loss or damage to all items shall be the responsibility of the Contractor until acceptance by the Customer unless loss or damage results from negligence by the Customer.
